Serial No.:	Unknown	Group Art Unit:	Unknown
Filed:	October 26, 1999	Docket:	875.006US2
Title:	NOVEL NAPHTHALENE DIOXYGENASE AND METHODS FOR THEIR USE		

PRELIMINARY AMENDMENT

BOX PATENT APPLICATION

Commissioner for Patents

Washington, D.C. 20231

Prior to examination of the above-identified patent application, please amend the application as follows.

IN THE SPECIFICATION

On page 1, before "Government Funding", please insert the following paragraph:

-- Cross-Reference to Related Applications

This application is a continuation of International Patent Application No. PCT/US99/25079, filed October 26, 1999 which in turn claims priority to U.S. Provisional Application No. 60/105,575, filed October 26, 1998.--

Please enter the SEQUENCE LISTING into the specification.

IN THE CLAIMS

Please cancel claims 14-29.

REMARKS

The attached application has been filed as a continuation application under 37 C.F.R. 1.111(a). The application is a continuation of International Application No. PCT/US99/25079 filed October 26, 1999, which in turn claims priority to Provisional Application No. 60/105,575, filed October 26, 2001.

The specification is amended to add a cross reference to the U.S. and international patent applications.

Additionally, the specification is amended to include the above-referenced SEQUENCE LISTING, and the SEQUENCE LISTING is being filed to conform the above-referenced application to the requirements of 37 C.F.R. §§ 1.821 - 1.825. In accordance with 37 C.F.R. § 1.821(e), a copy of the above-submitted SEQUENCE LISTING in ASCII computer readable form can be obtained from International Patent Application No. PCT/US99/25079. It is respectfully submitted that the contents of the paper version of the SEQUENCE LISTING being submitted herewith is the same as the computer readable form. It is further submitted that the paper copy of the SEQUENCE LISTING does not represent new matter.

Claims 14-29 having been canceled, the pending claims are claims 1-13 and 30-38. The amendment is made to decrease the number of claims and not for any reason related to patentability. Thus, this amendment does not limit the scope of equivalents for the claims. Additionally, Applicant reserves the right to pursue the subject matter of the cancelled claims in subsequent continuing application(s).

No new matter has been added by this amendment.

Dkt: 875.006US2

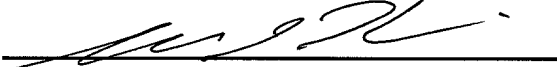

When the Examiner takes this application up for the first Office Action, consideration of these amendments and remarks is respectfully requested. It is respectfully submitted that the pending claims are in condition for allowance, and early notification to that effect is earnestly solicited.

Respectfully submitted,

REBECCA PARALES ET AL.
